Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Attorney Webster explained differences between the combined prior art and Applicant's disclosed invention. Attorney Webster argued present claim limitations in an effort to contrast from the combined prior art. SPE QAS Blum maintained the teachings of the combination of applied prior art are considered to read on the structural distinctions argued by Attorney Webster. Further limitations were considered necessary to contrast from the presently applied combination of prior art.
